### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

before the word "mobile", "first" had been deleted
  - Claim 12, line 3,  
  
---the--- had been inserted after the word "being"
4. The following is an examiner's statement of reasons for allowance:

Regarding claims 6–11, the prior art fails to teach a method of transmitting data from a plurality of mobile stations to a base station, the method comprising “calculating first cross correlations between array response vectors of the first mobile station and the rest of the mobile stations in the first data rate group; comparing the first cross correlations to a predetermined threshold; selecting a second mobile station unless all the first cross correlations are greater than or equal to the predetermined threshold and all second cross correlations between array response vectors of the first mobile station and mobile stations in the second data rate group are greater than or equal to the predetermined threshold,” which is considered in combination with other limitations, as specified in the independent claim 6.

Regarding claims 12–13, the prior art fails to teach a method of transmitting data from a plurality of mobile stations to a base station, the method comprising “calculating cross correlations of array response vectors of the mobile station and array response vectors of other selected mobile stations, selecting one or more of the mobile stations based on mobile stations having

cross correlations less than a predetermined threshold,” which is considered in combination with other limitations, as specified in the independent claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
